Full day of working & breakout sessions, panels and featuring luncheon keynote:

The 2023 summit brings former and current students together in a dialogue that recognizes Texas A&M University's towards achieving HSI status and identifies ways to build forward momentum. With updates from administration on Hispanic recruitment and a focus on the first-gen experience and student activism, this summit seeks to highlight the trail of success blazed by our former students, and establish collaborations and connection among all generations of Hispanic Aggies.

We are proud of the successes we've enjoyed along the way - and we know *tomorrow's legacy is dependent on our coming together today.*

We hope you'll join us back in Aggieland, for this signature networking event! For more info, visit: <http://tamhn.aggienetwork.com>
